

Yacht Flights

**Onboarding
Process**

Phase 1: Exploration & Registration

1. Watch Demos

Watch the extended demo videos on our website to get a comprehensive understanding of all platform features.

2. Schedule Call

If you need to see more or have specific questions, schedule a personalized demo or call with our team.

3. Register Vessel

Register your vessel to use the platform and supply the required documentation to verify your account.

Phase 2: Activation & Launch

4. Demo Access

Receive access to the Demo Site while we process your application. This typically takes approximately 2 weeks.

5. Sign Agreement

Execute the user agreement from our technology providers. This will be sent directly to your email.

6. Go Live

Your dedicated platform goes live! You are now ready to start making seamless travel bookings for your crew.

Registration Requirements

- **Owning Company**

Must match name and address on your Certificate of Registry.

- **Business Registration Number**

Found on Certificate of Incorporation; required to purchase marine fares.

- **Captain Information**

Name(s) & email address for DocuSign user agreement signature.

- **Authorized Users**

Provide Name(s), Position(s), and Email(s) for site access.

- **Currency Preference**

Select USD or EURO.

- **Basic UBO Information**

Required for KYC/AML compliance (IATA, airlines, financial systems).

- **Documentation**

Please attach a copy of your Certificate of Registry.

- **Payment Method**

Credit Card (default). Let us know if you prefer to add a Deposit Balance.

Standard Disclosure

Required UBO details to satisfy airlines and financial partners, ensuring compliance with global sanctions:

- ✓ **Ownership Structure:** Full chain from top (UBOs) to bottom (target company), displaying all entities >20%.
- ✓ **UBO Identification:** Names, nationalities, and citizenship of individuals with $\geq 20\%$ ownership.
- ✓ **Jurisdictions:** Registration countries for all entities.
- ✓ **Offshore Requirement:** A Letter of Incumbency is required for offshore zones (Guernsey, Cayman, BVI, etc.).

Security & Protocols

Submission Format

The UBO scheme must be presented on the owning company's letterhead, duly signed and dated by a legal signatory.

Data Security

We are GDPR compliant and aligned with ISO data security requirements. All information is kept strictly confidential.

Data Privacy

For your peace of mind, all sensitive UBO details and supporting documentation are destroyed immediately as soon as KYC is completed.
